SNOWSPORT ENGLAND

As a club do, we need a Covid-19 Officer(s)?

YES

For more guidance on what a Covid-19 officer does check our other guidance docs

What is a Covid secure Environment?

For further guidance on what a Covid-19 secure environment is refer to our COVID Secure Environment Guidance

Clubs that use facilities they do not own they must follow the rules set out by the facility.

After following the guidance, assessing the checklist and undertaking a risk assessment of my venue, do I deem my 'environment' for snowsports to be covid-19 secure?

YES

What is the total number of people allowed to participate in my snowsport activity?

The facility must decide on a suitable capacity for their site

In this scenario, what's the coach/ athlete ratio that the NGB advises?

The facility can set the ratio they believe they can use to ensure all Covid control measures can be followed

Are there any variations to these numbers/ ratios for certain groups?

Facilities may want to limit the sizes of some groups to ensure Covid control measures can be followed

The Covid Alert Level (tier) will impact on who can do what where so please refer to our other guidance

NO

What is the total number of people allowed to participate in my snowsport activity?

Groups of 6

In this scenario, what is the coach/ athlete ratio that the NGB advise for all athletes?

1:5 which is the position from the Government

Are there any variations to these numbers/ ratios for certain age groups?

NO
