

Hello! We, James and Kat, are the Club Captains of Sharks Ski Club and would like to give you a quick introduction to the club.

Our roles are simple; we act as guides whenever someone is unsure where they should be, we relay your ideas and suggestions to the club committee and most important of all, we act as someone for you to talk to if you are upset for any reason. If you feel you would prefer to talk to an adult, you can also talk to the Child Welfare Officers, Dominic and Julie.

Introduction

We meet every Saturday and ski from 9am until 11am. We have a total of 7 kids groups named after different species of sharks (see back of leaflet) and we also have an adult group if your parents want to get involved instead of just watching from the bar!

Also, once a month we have a race training session, brilliant for those who are looking to compete in fun or more serious races.

Our instructors are really helpful and fun as we are sure you will soon find out! If you have any questions, come and find James or Kat, the child welfare officers or anyone wearing one of the blue officials jackets.

How does the session work?

1. First of all you should turn up early in order to meet your instructor at 8:55am!
2. When you arrive, one of our officials (usually Julie, Vicky or Richard) will be there to collect your money and give you your pass for the morning – keep this on you because occasionally the lift attendants will ask to see yours!
3. Next, pop over to the hire desk if you need to borrow some equipment. The queues get pretty big so you need to go get your skis and boots as soon as you have paid!
4. To find out which group you're in and who your instructor is this week, go and check the board, near to where you paid. If you don't know who your instructors is, there is also a sheet with all of the instructors lovely names and faces on! (details about all of our instructors are also on our website!)
5. Finally, when the instructor calls your group, go and meet them, make friends, get skiing and most importantly, have fun!

Outside of the session

As well as the Saturday session, Sharks is involved in a number of different activities. Once a month, we are able to practice skiing down the moguls. Some of our members have gone on to be British Champions!

Furthermore, the Sharks Race Squad enables you to enter fun and serious races around the country, just ask us or Paul Smith, the race manager, for more information.

Need more information?

Our website contains much more information and also allows you to sign up for sessions and learn about other competitions and races.

Also, don't forget to check out our Club Captain's page on the website!
