

We are pleased to present our race programme for 2020. Please note that due to the presence of increased numbers of public skiers visiting the resort during 'Carnival' we will be running some races on the Adler slope at Oga, a short drive across to the other side of town. More details on the arrangements for these races will be published in our race bulletins and on the web site.

Opening Parade

The parade will take place on Saturday afternoon. Full details including time and location will be published in our bulletins and on the web site.
