

Restrictions to Snowsport Activity in England COVID-19 – Local Tiers (December 2020)

RESTRICTIONS APPLICABLE FROM 00:01 ON WEDNESDAY 20th DECEMBER 2020

KEY POINTS

This grid outlines a summary of the Government restrictions for each tier of restrictions across England and what that means for snowsport activity, and now includes guidance for Tier 4

Details of which tier each area of the country is in has been published by the Government on Thursday 26th November and can be found [here](#)

Where activity is listed as permitted, this may still be subject to additional restrictions and protocols – facilities, coaches, clubs, and participants should therefore refer to the Snowsport England full COVID-19 secure detailed guidance before undertaking any activity.

Group sizes and operational processes are decided by the operator and need to be followed and discussed to ensure they remain a Covid secure environment

If you do have to travel between Tiers then the Tier with the highest risk level provides the rules you must follow. So if you enter a Tier 1 from a Tier 2 you must still follow Tier 2 rules.

The Government have confirmed that there is an exemption for **indoor** group snowsport activity for disabled people and for under 18s (and also for organised activity for education) and it is safe and appropriate for activity for these groups to continue indoors in both Tier 2 and Tier 3 areas as long as it is done in line with Snowsport England's COVID-19 Secure guidelines for participants, coaches and facilities.

There is also an exemption for outdoor group snowsport activity for disabled people and for under 18s in Tier 4 areas, and it is again safe and appropriate for activity for these groups to continue as long as it is done in line with the COVID-19 Secure guidelines. The limited travel exemptions the Government have so far announced do not cover this, and so participants from these groups should not travel into or out of a Tier 4 area to take part in snowsport activity.

These exemptions also apply to travel guidelines for Tier 3, so these groups (plus parents/guardians and any necessary workforce) can travel into and out of Tier 3 areas for snowsport activity where this is necessary to facilitate participation.

Additional details for Tier 4 areas will be added to the documents once we have confirmation of full details from Government.

Please refer to the main Snowsport England coronavirus information page for all the latest coronavirus updates at www.snowsportengland.org.uk/covid-19-resources/

SUMMARY GRIDS

Please see the following pages for our summary grid covering snowsport activity by tier for:

- Outdoor Snowsport
- Indoor Snowsport
- Travel
- Facilities

EXEMPTION DEFINITIONS

- Exemptions are in place for some groups to permit additional indoor snowsport activity activity in Tier 2 and Tier 3 as well as travel to facilitate this, and additional outdoor snowsport activity in Tier 4 areas, with these groups defined as follows:
- Disabled people: Sport for people with disabilities is exempt from legal gathering limits. This means that people with disabilities can take part in sport in any number (indoor and outdoor)
- Under 18's: All supervised activity for children (including outside school) is exempt from legal gathering limits, and can happen in any number. This includes organised team sports and all supervised sport and physical activity for under-18s. In a change from the pre-lockdown guidance, this now includes young people who were 17 at the start of the academic year, even if they turn 18 during the remainder of that year.
- Education: Sport for the purpose of education is also exempt. This means that school sport such as PE, and curriculum-related sport for students in further and higher education (e.g. a student studying a sport course being able to practice), are exempt from legal gathering limits. However, for those who do not fall under the exemption below, this does not cover extra-curricular sport (such as playing for a college team) so these activities can only take place within the guidance set out above
