

## ***UPDATED SNOWSPORT GUIDANCE 01/12/2020***

Following the announcement that England will return to a system of tiered restrictions **effective from 00:01 on Wednesday 2nd December**, Snowsport England has been in discussions with Sport England and Government to establish what the new restrictions mean for our sport.

Ahead of the activation of these restrictions tomorrow, we have published an updated Tier Table detailing what Snowsport activity can take place under each of the three tiers of restrictions, providing information for outdoor Snowsport, indoor Snowsport, facilities and travel. We have included the details we know about, but please note we are still awaiting some clarification on a few points. These gaps are highlighted in the table. We will update the table over the coming days.

You can view the table [here](#)
