

This document is an outline of the anti-doping work that Snowsport England has undertaken in 2021.

As we move into 2022, Snowsport England remains committed to clean sport and will be working with GB Snowsport and our home nation partners to ensure the Snowsport England anti-doping education strategy is delivered across the pathway.

2021 Anti-Doping Activity

- UK wide anti-doping group created with representative from GB Snowsport and all of the home nations
- A New Clean Sport has been added to the Snowsport England website
- Anti-doping resources have been updated and added to the Snowsport England website
- Snowsport England has again engaged with Clean Sport week sharing content on social media
- Snowsport coaches have been guided towards Coach Clean to ensure our coaches are receiving anti-doping education
- A new anti-doping education strategy has been created which will be rolled out during 2022 and beyond
- Snowsport England has created an anti-doping policy which has been approved by the Snowsport England board and is now on our website.
