

SAFEGUARDING TRAINING

We want all our instructors, coaches and Club Welfare Officers to be aware of good practice to help them offer the best, happiest and safest environment and experience for children, young people and adults. It is also good practice for other members of your club to have an understanding of safeguarding.

Instructors, coaches and Club Welfare Officers must attend safeguarding training at least every 3 years, and upload the certificate to their Sport:80 profile. Please see below for courses we are able to accept. **If you complete a different course we are very unlikely to be able to accept it.**

Our courses are updated regularly, in line with Sport England, CPSU and Ann Craft Trust guidance – so check here before completing one.
